

StartWise - Platform Documentation

1. System Overview

StartWise is a platform that connects:

- Startups
- Investors
- Advisors

Goal: Provide a smart ecosystem for matching, messaging, project showcasing, investment decision-making, and startup growth.

2. Personas

Startup Founder Persona

- Wants: funding, mentorship, exposure
- Needs: fast verification + profile setup
- Uses: dashboard to monitor investors who viewed their project

Investor Persona

- Wants: well-filtered startups
- Needs: analytics + risk indicators
- Uses: matching system + project details + messaging

Advisor Persona

- Wants: to help startups
- Needs: simple, fast onboarding
- Uses: matching + messaging
